COMMERCIAL PROPOSAL CASTLE BLACK

SINCE DECEMBER 28, 2023

Who We Are

Castle Black is a leading company in U.S. asset investment, committed to the professional and efficient management of our clients' capital. Headquartered in Bogotá, we offer personalized investment solutions that seek to maximize returns and minimize risk.

Our approach focuses on detecting and taking advantage of irregularities in the financial market, such as imbalances in asset supply and demand and in asset valuation. Using a set of advanced analytical tools and a team of finance experts, we anticipate market movements and position our clients' investments optimally. This ensures both the protection of capital and the capture of emerging opportunities.

Needs Analysis

At Castle Black, we understand that every client has unique investment needs and goals, which calls for a personalized and flexible approach. Our analysis begins with a thorough assessment of the client's risk profile and return expectations, as well as a detailed understanding of their financial circumstances and long-term goals.

During this process, we identified a key need: investment management that not only maximizes capital growth but also protects against market fluctuations and potential losses. To address this, Castle Black is committed to implementing investment strategies that:

- Minimize risk: Through strategic diversification and active portfolio management, we seek to reduce exposure to market volatility.
- Maximize returns: By identifying and exploiting market irregularities and anomalies, such as temporary imbalances in supply and demand, which can be leveraged to obtain superior returns.
- Adjust strategies dynamically: We adapt our investment strategies to changing market conditions and client needs, using a combination of quantitative and qualitative analysis.

Our proactive approach allows us not only to react to market conditions but to anticipate them, positioning our clients' investments to capitalize on emerging opportunities and avoid potential losses.

Service Proposal

Castle Black is committed to offering the following investment services:

- **Capital Intake and Management:** We accept initial capital from our clients and manage it securely and strategically to achieve the best results in the U.S. stock market.
- **Market Analysis:** We conduct a thorough market analysis to identify the best investment opportunities aligned with the client's goals and risk profile.

- **Investment Execution:** We implement investment strategies through the purchase and sale of stocks, bonds, mutual funds, ETFs, commodities, cryptocurrencies and other financial instruments.
- **Ongoing Monitoring and Adjustments:** We continuously monitor investments and adjust the portfolio according to market conditions and the client's goals.

- **The Castle Black website** is a digital platform designed to centralize, view and manage our partners' assets in a clear, transparent and automated way. It shows month-by-month capital growth, returns, fees and individual performance, making

financial decisions easier and strengthening trust between the company and its investors. All of this under the domain **castlebalck.company**.

- **Support and Advisory:** We provide ongoing advice and client support, answering questions and offering recommendations based on market analysis.

Investment Methodology

Our investment methodology includes:

- **Initial Analysis**: We assess the client's risk profile and investment goals.

- **Portfolio Selection**: We select assets that align with the initial analysis and offer solid growth opportunities.
- **Active Management**: We adjust the portfolio based on market conditions and changes in the client's goals.
- **Reporting and Communication**: We keep the client informed through periodic reports and follow-up meetings.

Our Team

Our team is made up of investment experts with years of experience in the U.S. financial market. Juan Federico Peralta González, our CEO and founder, leads a team dedicated to excellence and to delivering positive results for our clients.
